

Monolithic Power Systems to Participate in Merrill Lynch's Small Cap Investor Conference

SAN JOSE, Calif., May 23 -- Monolithic Power Systems (MPS) (Nasdaq: MPWR - News), a leading fabless manufacturer of high-performance analog and mixed-signal semiconductors, today announced that the company's chief executive officer, Michael Hsing, and chief financial officer, Rick Neely, will participate in Merrill Lynch's Small Cap One on One Investor Conference on Technology, Healthcare & Consumer Products. The company will participate in the Boston conference on May 30th.

About Monolithic Power Systems

Monolithic Power Systems, Inc. (MPS) develops and markets proprietary, advanced analog and mixed-signal semiconductors. The company combines advanced process technology with its highly experienced analog designers to produce high-performance power management integrated circuits (ICs) for DC to DC converters, LED drivers, Cold Cathode Fluorescent Lamp (CCFL) backlight controllers, Class D audio amplifiers, and Linear ICs. MPS products are used extensively in computing and network communications products, LCD monitors and TVs, and a wide variety of consumer and portable electronics products. MPS partners with world-class manufacturing organizations to deliver top quality, ultra-compact, high-performance solutions through the most productive, cost-efficient channels. Founded in 1997 and headquartered in San Jose, California, the company has expanded its global presence with sales offices in Taiwan, China, Korea, Japan, and Europe, which operate under MPS International, Ltd.

Monolithic Power Systems, MPS, and the MPS logo are registered trademarks of Monolithic Power Systems, Inc. in the U.S. and trademarked in certain other countries.
